What We Do

- Bring together supports for clients and encourage them to work as a team
- Work to resolve system issues that prevent people from reaching their goals

Who We Work With

Wawokiya works with people who:

- Are involved with more than one community resource and are having trouble accessing the help they need OR
- Are NOT connected to any resources and could use help

How We Work

- Referrals are brought to a committee of government and community agencies called the Wawokiya Table
- The Wawokiya Table reviews the family's goals to remove barriers to getting support
- A team is developed and works together to support the family in reaching their goals
- Clients lead the process and are equal members of the support team

How Do I Get Involved?

If you are looking for more support, talk to an agency you are involved with or call us at 204-240-7272

You can refer someone by contacting the Wawokiya program at Wawokiya@portagecrc.com

Before Referring consider:

- Are there increasing safety concerns?
- Is the family involved in more than one system?
- Are there barriers within these systems that are getting in the way of the family's success?
- Could they benefit from services working together?
